Supported by the City of Montreal for several decades, murals are part of the city's identity and give it a unique charm to the point that a festival is even dedicated to them in June each year. Designed and created by artists from all over the world, there are hundreds of them, bringing life and color to the neighborhoods. Take part in our 2-hours walking tour with a guide passionate about urban art and discover the artists' backgrounds, inspirations, and techniques!

About 16/42 Tours offers dynamic walking tours of Montréal's greatest neighborhoods: downtown, the Plateau, Old Montréal, etc. Professional, multilingual guides share their passion for Montréal's history, architecture, gastronomy, culture and day-to-day goings on. Tours run approximately 2 hours and groups are limited to 12 participants. 16/42 will design a customized tour to meet your needs, interests and group size.
