

# A STROLL THROUGH TROIS-RIVIÈRES HISTORY

Trois-Rivières : a cultural capital!

Whether on foot or aboard a tour bus, choose your first stop: Musée POP and its entertaining exhibitions; Boréalix and its history of the pulp and paper industry; the Old Prison of Trois-Rivières and its troubled past; or by walking along [des Ursulines](#) probably the prettiest street in the entire city, if not the whole province. It's great for a historic stroll... or a quick Insta pic!
